Introductory Comments

Sir:

Applicant is submitting this Amendment and the following remarks along with a Request for Continued Examination.

Applicant's attorney and the Examiner conducted a telephone interview on May 18, 2007, and the interview is summarized herein.

Please amend the application as follows and consider the following remarks.

Prior to entering the following amendments, please enter the amendments presented in the April 27, 2007 Amendment and Request for Clarification, as those amendments appear to have overcome the rejections under 35 USC 112, and the Advisory Action dated May 7, 2007, indicates that the Examiner approved entry of those amendments.
